

**BLOCK- PODIA, DIST-MALKANIGIRI, STATE-ODISHA.**

- N.B. - 1)** Bhubanpalli, Motu, Pasuguda & Tandabai GPs of PODIA Block will be connected with KALIMELA Block OLT. Because these GPs are nearest to the KALIMELA Block OLT and ease to connect.
- 2)** Girkanpalli, Koimetla & Undurokonda GPs of Kalimela Block will be connected with this Block OLT. Because these GPs are nearest to this Block OLT and ease to connect. So, Here 9 no. of GPs are connected with this Block OLTs.

WE ARE USING A SINGLE OLT IN PODIA BLOCK ONLY FOR 9 GPs, BECAUSE IF WE CONNECT THESE GPs FROM ANOTHER BLOCK OLTs THEN THE GPs ARE NOT COMING UNDER THE LOSS BUDGET CALCULATION. (BECAUSE THE DISTANCE IS HIGHER FROM ANOTHER BLOCK OLT AND ALSO THE EXISTING FIBER ATTENUATION IS HIGHER.)
